

Veterans In the Classroom Month

November is Veterans in the Classroom Month, and National Veterans Awareness Week is November 7 – 13, 2010.

I know many of your members go into the classroom to promote Americanism, Safety, and other programs promoted by the VFW and including their own service to our country, so why not recognize them for their dedication to educating America's Youth.

Please send your request for citations to recognize members for their work in classrooms on the attached form. When received, the citations will be printed and returned to your Department Headquarters for presentation at an appropriate time to the deserving member.

If you have any questions, please contact Nelda Clifton at nclifton@vfw.org or call (816)-968-1148 or **Department Headquarters at 651-291-1757. Also, please send copies of your "Veterans In the Classroom" activities to Department Headquarters at: Rice St Station, P.O. Box 17146, St. Paul MN 55117.**
